Weather Station

Sunrise and sunset time

USPs:

- Attractive design
- Sunrise & sunset time
- Barometer function

General information:

See in an instant what the weather is outside, or the temperature and humidity inside. The weather station is equipped with a barometer and has a blue LED back light. The calendar runs to 2099 and the station saves the trend in air pressure and temperature and shows you the sunrise and sunset times. The alarm clock function makes this station very suitable to place on your night stand. Includes a wireless outdoor unit.
